

OAT-HD Handheld Adjustable Attenuator

Product Description

OAT-HD handheld adjustable attenuator is used in optical network fiber maintenance and other work with a compact structure, easy to use and so on.

Product Features

- Easy to take
- Low-power design
- Liquid crystal display
- Large adjustable

Product Specification

Parameter	OAT-HD- V -A	OAT-HD- V -B
Wavelength attenuate range	1260~1650(nm)	850(nm)
Fiber type	SM	MM
Connector type	FC/PC	
Attenuation range	2.5~60 dB	
Power supply	8.4V rechargeable batteries 7~8.5V power adapter	
Operation temperature	0~+40 °C	
Storage Temperature	-10~+60 °C
